Subject: Matthew Quick question...Do you have five minutes next week?
Date: Friday, December 1, 2017 11:25:10 AM

Matthew,

I have some really great things going on that will help your company. Shift Bidding and Facial Recognition Technology has been helping our Partners eliminate hours of scheduling and Buddy Punching. Ghosting, Padding, and Buddy Punch is done with this technology. When you add the Analytics, you can see against your own best performances, who is doing what. Let me know when you are ready to start our conversation. I am excited to talk your group.

Thank you,

Johnnie Ray Tyson
Sales Director Carolinas and Georgia
